

**The TMH Foundation Invites Your Support for
Pediatric Rehabilitation Services at Tallahassee Memorial**

The TMH Foundation, on behalf of Pediatric Rehabilitation Services at Tallahassee Memorial, is seeking contributions to benefit outpatient pediatric patients who receive rehabilitative services. Prominent among the current needs are: one laptop computer, one flat screen television, video games, rehabilitative gym mats, new toys and books.

Pediatric Rehabilitation Services serves a 16-county region in North Florida and South Georgia and provides comprehensive, family-centered services to children from infancy through adolescence. The outpatient center is located at 1660-12 North Monroe in Tallahassee. A multidisciplinary approach is provided for patients and may include occupational, physical and speech therapy. The goal of therapists on staff is to help children achieve their full potential in everyday life activities. The treatment rooms include one full size gym area, a smaller sensory motor gym, a fine motor activity room and two speech therapy rooms with an observation area providing parents an opportunity to view their child's therapy session and progress.

The TMH Foundation welcomes resources and support for Pediatric Rehabilitative Services. Please contribute in any of the following ways:

- If you prefer to make a cash contribution designated for this effort, please make your gift check payable to the TMH Foundation, note in the memo section, "Pediatric Rehab" and mail it to 1331 East Sixth Avenue, Tallahassee, Florida 32303.
- If you prefer to make a credit card donation, please complete this box and either mail as noted above or fax it to 850.431.4483.
