CONDITIONS OF ADMISSION 2014

1. Release of Information
I do hereby authorize TMH and any physician examining and/or treating me to release to any third party payor, any medical, psychiatric or psychological and/or alcohol or drug abuse, AIDS, ARC or HIV information and records concerning diagnosis and treatment either during inpatient or outpatient treatment for use in connection with determining a claim for payment for such treatment and/or diagnosis. The Hospital is authorized to release information from my medical record to any skilled nursing facility or other healthcare provider to which I may be transferred. I also understand information regarding HIV, tuberculosis, viral meningitis, and other diseases may be required to be reported to health departments or the Centers for Disease Control and Prevention.

2. Assignment of Benefits
In consideration of hospital and medical services rendered or to be rendered to this patient, I hereby assign to Tallahassee Memorial Hospital and all treating physicians and groups, all my rights, title and interest in benefits due from any and all insurance policies and/or benefit programs. I authorize payment to be made directly to the Hospital and all treating physicians and groups of any and all sums of money otherwise payable to me under the terms of said insurance policies and/or benefit programs, but not to exceed the regular and customary charges for the services rendered. In the event this payment is insufficient to meet total Hospital or professional charges, I understand I am financially responsible and obligated to pay the provider for all charges not covered by this assignment and the Hospital has the right to demand payment in full from me at any time prior to payment from any source. I authorize TMH to obtain a credit report.

3. Notice to Medicare Patients
Please be advised that personal convenience items are not covered by Medicare. You will be billed for any such items. Also, we need to inform you that there are certain drugs that Medicare will not pay for during your Hospital treatment. Medicare has already provided this information to you in your Medicare update. According to Medicare regulations and regardless of your condition or who administered the drug, any tablet, capsule, suspension (including eye drops), ointment, patch or suppository, will not be paid by Medicare in an outpatient setting, regardless of the fact that your doctor ordered the drug and that you received it. Tallahassee Memorial Hospital realizes the financial burden this Medicare policy may place upon you, but we must abide by their rules. If you are unable to pay this bill and feel that you qualify for charity, please contact Patient Financial Services at (850) 431-6200. My initials signify that I have received “An important message from Medicare”.

Should the account be referred to an attorney or collection agency for collection, I shall pay actual attorney’s fees and collection expenses.

These physicians will include, but not limited to, your surgeon, anesthesiologist, radiologist, ER physician, hospitalist, or any other specialist who participates in your care. Although the physicians are on the medical staff, most physicians are not affiliated with the hospital. Therefore, they will send you a separate bill. NOTICE OF PRIVACY PRACTICES OF:
Tallahassee Memorial Hospital and Tallahassee Memorial HealthCare, Inc.

Effective Date: April 14, 2003 Revised Date: September 13, 2013

This notice describes the privacy practices of all inpatient and outpatient departments and units of Tallahassee Memorial Hospital and all facilities operated by Tallahassee Memorial HealthCare, Inc. with the exception of Tallahassee Memorial Behavioral Health Center.

THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.

A. PURPOSE OF THE NOTICE OF PRIVACY PRACTICES
A record is made of the care and services you receive each time you are a patient in our hospital or one of our affiliated facilities. This record documents such things as your physical examination, test results, diagnosis, treatment, plans for future care, and information related to billing. We need this record to provide you with quality care and to comply with certain legal requirements. This notice describes the type of information we gather about you while you are a patient, with whom that information may be shared and the safeguards we have in place to protect it. It applies to all records of your care generated by hospital personnel, agents of the hospital, or your doctor. Please note that your doctor may provide you with a notice regarding the use and disclosure of your health information in his or her office.

B. OUR LEGAL DUTY REGARDING YOUR MEDICAL INFORMATION
We are required by law to keep private any medical information that identifies you and provide you with a description of our privacy practices with respect to your medical information. We will follow applicable laws and the terms of the notice that are currently in effect.

C. HOW WE MAY USE AND DISCLOSE HEALTH INFORMATION ABOUT YOU

1. Permitted and Required Uses and Disclosures of Your Health Information Which DO NOT Require Your Written Authorization or the Opportunity for You to Object or Agree
The following categories describe the different ways that we may use and disclose medical information and examples of each. Not every possible use or disclosure in a category will be listed.

For Treatment: We may use health information about you to provide you with medical treatment or services. We may disclose medical information about you to doctors, nurses, technicians, training doctors, or other health care professionals who are involved in taking care of you. For example, a doctor treating you for a broken leg may need to know if you have diabetes because diabetes may slow the healing process. Different health care professionals may share medical information about you in order to coordinate the different things you may need, such as medications, lab work, meals, and x-rays. We may also disclose medical information about you to people outside the facility who may be involved in your medical care after you are discharged or that provide services that are part of your continuing care.

For Payment: We may use and disclose health information about your treatment and services to bill and collect payment from you, your insurance company or a third party payer. For example, we may need to give your insurance company information about your treatment so they will pay us or reimburse you. We may also use and disclose medical information about you to obtain prior approval or determine whether your insurance plan will cover the treatment. We may contact you for the purpose of billing/collection efforts. This may include leaving a message on your answering machine/voice mail.

For Health Care Operations: Members of our medical staff, clinical departments, and administrative units may use information in your medical record to review the care and outcomes in your case and similar cases. This is necessary to help us improve the quality of care for all patients we serve. For example, we may disclose information to doctors, nurses, technicians, training doctors, medical students, and other facility personnel for review and learning purposes. We may combine medical information about many patients to assess the need for new services or treatment. D. YOUR RIGHTS REGARDING YOUR
MEDICAL INFORMATION
Your medical record is the physical property of the healthcare practitioner or
facility that compiled it; however you have the right to:

Inspect and Copy: You have the right to inspect and obtain a copy of the health
information that may be used to make decisions about your care. Usually, this
includes medical and billing records, but does not include psychotherapy notes.
To inspect and obtain a copy your medical information, you must submit
your request in writing to our Privacy Officer or our Director, Medical
Records at the address at the end of this notice.
If you request a copy of the information, we may charge a fee for the costs of
copying, mailing or other supplies associated with your request. We may deny
your request to inspect and copy in certain circumstances. If you are denied
access to information, you may request that the denial be reviewed.

Amend: If you feel that the medical information we have about you is incorrect
or incomplete, you may ask us to amend the information. You have the right
to request an amendment for as long as the information is kept by or for
the facility. To request an amendment, your request must be made in writing
and submitted to our Privacy Officer. In addition, you must provide a reason
that supports your request. We may deny your request for an amendment
and if this occurs, you will be notified of the reason for the denial.

An Accounting of Disclosures: You have the right to request an accounting
of disclosures. This is a list of certain disclosures we make of your health
information for purposes other than treatment, payment or healthcare operations
where an authorization was not required. To request an accounting of
disclosures, you must submit your request in writing to our Privacy Officer.

Request Restrictions: You have the right to request a restriction or limitation
on the health information we use or disclose about you for treatment, payment
or healthcare operations. You also have the right to request a limit on the health
information we disclose about you to someone who is involved in your care
or the payment for your care, like a family member or friend. For example,
you could ask that we not use or disclose information about a surgery you had.
With the exception of “Out-of-Pocket Payments,” described below, we are not
required to agree to your request. If we do agree, we will comply with your
request unless the information is needed to provide you emergency treatment.

To request restrictions, you must make your request in writing to our
Privacy Officer. In your request, you must tell us: (1) what information you want
limited; (2) whether you want to limit our use, disclosure, or both; and (3) to
whom you want the limits to apply. Restrictions may be terminated upon your
oral or written agreement, your written request or upon you receiving a notice
from us that we are terminating the agreement to a restriction.

To request restrictions regarding your presence and/or location in the facility,
you must make this known when you register or check-in as a patient.

Out-of-Pocket Payments: If you prefer that we not bill your health plan for a
specific item or service and you have timely paid out-of-pocket in full for that
specific item or service, then you have the right to ask that your protected health
information with respect to that item or service not be disclosed to a health
plan for purposes of payment or healthcare operations, and we will honor that
request. Your request to limit disclosure in this way must be submitted in writing.

Request Confidential Communications: You have the right to request that
we communicate with you about medical matters in a certain way or at a
certain location. For example, you may ask that we contact you at work instead
of your home. The facility will grant reasonable requests for confidential
communications at alternative locations and/or via alternative means only if
the request is submitted in writing to our Privacy Officer. We will not ask
you to do this unless you request it. Your request must specify how or where
you wish to be contacted.
