March 8, 2022

Dear Patients,

Thank you for choosing the Tallahassee Memorial Rehabilitation Center (TMRC) for your inpatient rehabilitation. Our mission is to work with you to meet your wellness goals, from nursing and therapy to nutrition and everything in between.

While our goal is to fully connect our patients and their loved ones, the safety of our patients and colleagues remains our highest priority. With that in mind, TMRC remains open for visitation. Here are our updated guidelines:

- TMRC will allow responsible visitation throughout a patient’s stay.
- All permitted visitors must undergo a health screening upon entering the facility.
- Regardless of vaccination status, visitors must wear face masks, maintain social distance from staff/patients, and limit movement in the facility to designated visitor’s areas.
- Visits may take place on TMRC’s front patio, common areas and in assigned room of patient.
- These guidelines are subject to change at any time by TMRC staff.

Again, thank you for allowing us to play a role in your rehabilitation and care. If you have any questions about our updated visitation policy, please don’t hesitate to ask your nurse or therapist.

Thank you,

Norman Pasley, MBA, MSN, RN, NHA, NE-BC, CRRN
Administrator, Tallahassee Memorial Rehabilitation Center
