The Breast Prosthesis Boutique

A Woman's Place

We are proud to provide a pleasant and private setting for your visits. The spacious "at home" feel of our fitting room allows you to be comfortable while making decisions concerning your outward appearance and inner spirit.

Since May, 2009, A Woman's Place at Tallahassee Memorial HealthCare, has been accredited in Mastectomy Fittings with the American Board for Certification in Orthotics, Prosthetics, & Pedorthics, Inc.

Bras & breast forms are available for post-mastectomy, lumpectomy surgeries, reconstruction and reduction symmetry, as well as other breast anomalies.

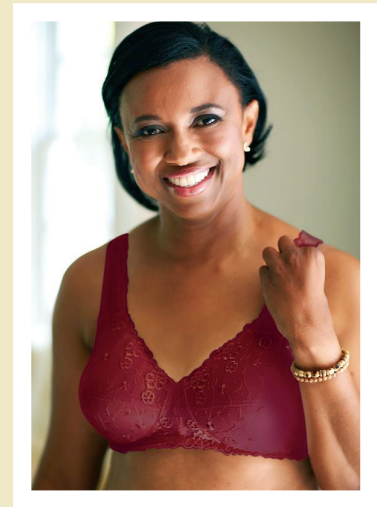

We recognize that every woman is different as is their need for mastectomy bras and prostheses. We offer a large selection of breast prostheses with different shapes and sizes to best fit your needs. We also carry a wide variety of mastectomy bras for comfort and support while focusing on your lifestyle and personal taste.

Insurance covers silicone prostheses, weighted foam forms and mastectomy bras after breast surgeries. Our staff will gladly assist you in verification of your insurance coverage. We will also file your claim for these products. Through donations from area organizations, we often have funds available to assist those who do not have insurance.

Fittings are by appointment only. Appointments are required in order to have adequate time with each client to meet their individual needs. Prescriptions are required for all items billed to insurance. We are happy to request a prescription from your physician on your behalf.

We have been serving the women of our area for 25 years. Our mission is to provide comfort, hope, confidence, peace of mind, good health & understanding to all women, in every stage of their life.

We provide one-on-one fitting consultations with kind and caring professionals. Our goal is to assist you as you learn about the products and services that will support you in life's journey. Our staff includes certified mastectomy fitters with 14 years combined experience.

Post Surgical & Breast Reconstruction Items

It is important that you wear the correct garments within the first six weeks after surgery or until you are completely healed. Our post surgical items promote self confidence while offering safety and comfort during the healing process.

Post surgical garments with drain management

Insurance covers two after surgery. Both styles come with two fiber fill puffs and two removable drain pouches.

Camisole

- Stretch neckline for easy step-in entry
- Ultra-soft cotton fabric
- Available in white, nude and black
- Sizes small to 4x.

Bra

- Front closure
- Ultra soft fabric infused with vitamin e and aloe
- Straps front fasten for easy access during treatment and with reduced range of motion
- Available in white only
- Sizes xsmall to 4x

PurFit Adjustable Enhancer

Insurance covers this item after surgery in place of a silicone breast form.

Specially designed for wear during the reconstruction tissue expansion process, this form is extra-gentle to sensitive areas as it helps balance out a woman's silhouette. Three-part system: It offers a clear silicone shell providing shape and support; non-irritating fiberfill for use in adjusting volume; and a soft, breathable fabric cover to hold the silicone shell and fiberfill. It provides a hygienic environment and the cover can be hand-washed separately.

Mastectomy Bras and Breast Prosthesis

A Woman's Place carries over 25 styles of bras so you are sure to find what you are looking for. We stock bras from sizes 32AA to 44H and up to 52D and breast forms from size 1(AA) to 17(H). We focus only on the top manufacturers to ensure the best quality.

Seasonal Garments

Our seasonal lines include swim breast forms, bathing suits, active wear and night wear all designed to hold breast forms. These items are not covered by insurance, but are reasonably priced. All items are available while supplies last.

Amoena & Anita Bathing Suits

Pocketed swimwear gives you the confidence to show off your figure again – whether on the beach or in the pool. Chic, fashionable designs combined with clever tailoring and high-tech fabrics in the latest colors. Bilateral pockets hold your breast forms securely in place. The stunning Amoena collection includes something for everyone.

Valletta Pocketed Tank Tops

This is a pocketed tank top that can hold your breast form or shaper - no bra required. Known for its super-soft modal fabric and comfortable fit.

- Double spaghetti straps in black accent the top's dark plum color; straps feature a back adjustment for the ideal fit.
- Valletta's ultra-soft modal fabric is less likely to pill or fade, and resists shrinking better than cotton rounded neckline is positioned for modesty, yet still looks fashionably modern.
- No bra required: Built-in pocketed shelf bra with lightly padded cups is designed for support.
- Comfortable length; Valletta fits comfortably over the waist.
- Sizes 6-20 colors vary with the season.
